

## HOW TO LEAVE A LASTING GIFT to the DUNEDIN AMENITIES SOCIETY

**A gift in your Will can provide assistance for ongoing activities that the Society is involved in.**

The Dunedin Amenities Society is New Zealand's oldest environmental society and has been significant organisation in the protection preservation and development of Dunedin City's landscape, heritage and conservation values. The Society is committed to the development of projects that enhance the city's recreational, amenity and natural assets for the well-being and enjoyment of the community and its visitors. Bequests would be utilised in public projects for beautification, development of amenity assets, biodiversity & heritage conservation or restoration and the physical interpretation of the scenic and landscape values of the city.

### **Leaving a legacy**

There are several ways you can remember the Dunedin Amenities Society in your Will to help generate income to support the Society's many conservation and environmental projects:

1. you may wish to leave a stated amount of money;
2. you may wish to leave a share (percentage) of your existing assets;
3. you may wish to leave a specific asset; or
4. you may wish to leave part or all of the residue of your estate.

### **What does this involve?**

All this requires is a simple provision in your Will. Your solicitor or legal advisor will help you and can suggest the appropriate wording to ensure you achieve all you wish for your family and others. Please consider leaving your bequest for general purposes which will be used for our conservation programmes.

### **Suggested wording:**

*"I give and bequeath to the Dunedin Amenities Society  
the sum of \$ \_\_\_\_\_"*

OR

*\_\_\_\_\_ % of my estate"*

OR

*the residual of my Estate after all prior provisions have been met".*

OR

*The following property or assets:..... for the general purposes of the said  
Society".*

Thank you again - you can be confident that your gift will make a difference and will always be remembered. Please let us know thus enabling us to thank you now, rather than your Executor later.
